The San Diego Area Chapter of the International Code Council (ICC) is offering two scholarships for students pursuing an education in construction or inspection technology. These scholarships are intended as financial aid for those persons working towards a career as a Code Official in building inspection or plan review.

The two scholarships, each \$500.00 dollars, will be awarded to prospective students who are currently studying code-related curriculum at a local college or trade school. Potential applicants may include those currently engaged in another occupation as long as the intention of their studies is for future employment as a Building Inspector or Plans Examiner.

The scholarships include a one year membership in the San Diego Area Chapter of the ICC.

Student candidates should complete the attached application and return it via US mail or e-mail by November 1, 2017.

Final candidates and scholarship award recipients will be notified by December 15, 2017 and the scholarships will be awarded at the Officer Installation Ceremony of the ICC-San Diego Area Chapter in January, 2018.
